The Chairmans repest (Pad II) and Mr. Dasappa's letter are for perusal The Chairman has clearly stated in his letter that the Dewan inspected the spot and 'was pleased finally to approve of the plot of land marked K & M No in the enclosed sketch measuring 3 ac 4 35 guntas being allotted for the purpose'. This is exactly the 2nd alternative plot marked in red in the plan sent to Mr. Dasappa and referred to in his letter In his letter he states that 'the Dewan was pleased to inspect the site with the Board and direct that a site adjoining the Nazir's office be granted to' From the chairman's letter it is pretty clear that the alternative plots were approved by the Dewan to which of any change in the plot being effected Mr Dasappa however requests that the matter may be examined & that the plot marked in blue as 'alternative

MYSORE

To,

N Madhava Rao Esq , B A B L ,
Second Member of Council,
Government of His Highness
The Maharaja of Mysore,
BANGALORE

Sir,

I wish to bring the following matter for your kind and sympathetic consideration -

We were granted a large site measuring 13 Acres situated between Kannegowdanakopal and the Muslim Hostel site and to the west of the Railway line and Civil Court buildings in Chamrajapuram for locating our hostel A good portion of it consisted of a valley which we thought of turning into a farm with a view to give an agricultural bias to the boarders during their scholastic career But as the Hostel building could not be started in time, it was resumed a short while ago I renewed my application giving reasons for the delay, one of them being that the plan given by the Government Architect was for a big building with two storeys besides the ground floor and we could not take it up immediately If it were a question of putting a few tiled apartments as our Muslim friends have done on their site it would have presented us with no problem,

The Trust Board was pleased to give us three months time to show the ways and means to put up the building in

which case they would consider the restoration of the site I gave also the necessary assurance But in the meantime the Government seem to have vetoed the resolution of the Trust Board and approved the President's proposal to grant 5 Acres and odd of the area behind the Muslim Hostel site On my representation that the area comprised of the valley noted above with a storm water channel etc , the Dewan was pleased to inspect the site with the President and direct that a site adjoining the Nazir's Office be granted with the idea, that after a building was given to the Nazir's Office across the Railway line where the Civil Courts are located, the office building ~~are~~ was to be taken over by us

The question therefore was which should be the adjoining land that would be suited for our hostel There were two alternatives (1) the land to the south and partly to the west of the Nazir's Office --- the southern boundary of the site being the northern road bounding Kannegowdankoppal, which crosses the Railway line (ii) the land partly to the west and partly to the north of the Nazir's Office I naturally preferred the first for more than one reason The main reasons are (a) the Hostel should not be wedged in between private residences -- there being a proposal to convert the small area to the south of the Nazir's Office into three house sites (b) the desirability of not having dwelling houses so nearby which would not be in keeping with the general layout and, (c) the need for easy access for the boarders I explained these matters to the President, who was, however, in favour of the 2nd alternative and the Board seems to have fallen in with his view

I am writing this to request you to kindly consider the desirability of the first alternative It is a thing to endure for years and calculated to affect the destiny of a large section of people This idea was prominently before the authorities when they granted sites for Vokkaligar Hostel at Bangalore, Tumkur, Kunigal and other places I had added

another reason when I wrote to the Dewan Saheb in this connection, namely, that our desire was that we should not be worse off than our neighbours with decent spacious hostel sites in prominent places

I earnestly request you to kindly examine the matter and direct that the first alternative of giving us the vacant land to the south and west of the Nazir's Office building may be adopted for which this large and backward communit of ours will ever be grateful I herewith send the plan of the proposed hostel building for which I had obtained licence I also send a rough sketch of the area in question for your kind perusal & regret that the plan may be returned after perusal

Yours faithfully,

Job Dasappa

Sir,

With reference to G O No L 8287/1 49-35-7 dated 29th April 1936 sanctioning the grant of a site measuring 5 acres and 33 guntas in the northern extension of Kannegowdanakoppal for the construction of Hostel Building for Vokkaligara Students, I have the honor to state that Mr H C Dasappa, Superintendent of the Vokkaligara Hostel having subsequently represented that the land ordered to be granted for the Hostel was unsuited for building purposes, the spot was inspected by the Dewan and he was pleased finally to approve of the plot of land marked K L M N O in the enclosed sketch measuring about 3 acres and 35 guntas being allotted for the purpose In this area are contained the Civil Court Nazir's Office Buildings The Dewan was pleased to order that these Offices may be shifted to the compound of the District Office, Mysore and that the Chief Engineer be requested to value the buildings and to forward plan and estimate for constructing a new block in the compound of the District Office for the sanction of Government (Vide D O No 741 H dated 21st June 1936 received from the Private Secretary to the Dewan, copy of which is enclosed for kind reference)

The Trust Board have also at their meeting held on 29th June 1936 resolved that the plot of land marked K L M N O may be allotted to the Superintendent of the Vokkaligara Hostel on condition that the Hostel authorities should enclose the area with a neat compound wall at least on the southern side and western side from 'M' up to 'I' within six

months of the grant of the license to them A copy of the said resolution is also enclosed for kind reference

I request that orders of Government may be obtained to allot to the Hostel authorities the plot of land marked K L I N O in the enclosed sketch subject to the condition imposed by the Board and to dispose of the remaining area as building sites

22 JAN 19 * GOVT OF MYSORE

To,

The Chief Secretary to the Government of
His Highness the Maharaj of Mysore,
BANGALORE

Sir,

I have the honour to acknowledge your communication No L 2754-59/ML 72-36-11, dated the 8th October 1936, regarding the grant of a site marked K L M N O in the plan submitted by the Chairman, City Improvement Trust Board, Mysore There are two matters which I request the Government to kindly consider in connection with this question The land to the south and to the west of the proposed site has been converted into house sites and some of them already sold out to persons in Kannegowdana Koppalu On the east are the Law Courts - which are now being improved upon by putting up a storey So the three sides will be covering up our hostel building and on the north there is the valley I would humbly submit that such a a place surrounded by houses on the two important sides and covered by high buildings of the Law Courts on the east would not be suitable to a hostel I earnestly request that another site may be granted either in the new extension to be formed below the High Level Reservoir in the Vani Vilas Mohalla, or to the north of the old Exhibition Buildings between the present Railway Audit Offices and the Government Branch Press

The other matter I submit for the kind consideration of Government is this The cost of the present Nazir's building which are estimated to be Rs 6664/- is in my humble opinion a very high estimate I need hardly submit that the present buildings are not only old and dilapidated ~~and~~ but also

quite unsuited to our requirements I was not opportunity to go through the detailed estimeate for the purpose of assessing the value of the present buildings Probably the high walls which are there ar also valued while they could be of no use to us whatever and it would only cost us something to demolish them case, the present estimate seems to be very high and the buildings may kindly be reestimated Far from being of us to us they prevent us from putting up a decent building for the hostel as per plan for which we had obtained license, for there is no other open ground in the site suitable for putting up the building I would therefore pray that goverment be pleased to treat the value of the building as part of the governemnt grant which we would be entitled under the grant in aid rules We will be spending for improvements ar additions about Rs 15,000 to 20,000 If the buildings cant not be given to us as part of Government grant I submit that we may be required to pay if the cost of the same as per reest mate and the other half treated as part of the Government gr I pray for an early consideration of these alternatives for which I will be very grateful

I have the honour to be,

sir,

Your most obedient servant,
